Fabricio Tramontano Pirini

SENIOR SOFTWARE ENGINEER · LEAD FRONTEND ENGINEER

✉ fabricio.pirini@gmail.com | 🏠 fabriciopirini.com | 🐙 fabriciopirini | 🔗 fabriciopirini

Objective

Seasoned Senior Software Engineer with expertise in JavaScript, TypeScript, and React, seeking to leverage extensive experience in developing high-quality, user-centric software solutions. Committed to driving growth and ensuring customer success, I am looking to join a forward-thinking team that prioritizes continuous learning, transparency, and innovation in a remote work setting.

Skills

Frontend Development   Javascript   Typescript   React   GraphQL

Concepts   Distributed Systems   API Integration   SQL/NoSQL Databases   Message Queues

Experience

Norsk Gjenvinning

SOFTWARE ENGINEER — *Aug 2020 - Aug 2022*

- Transitioned the core e-commerce platform from Django to React, enhancing configurability and scalability, leading to a 15% increase in platform efficiency.
- Managed a major Django monolith, ensuring 99.9% uptime and contributing to a robust e-commerce solution, pivotal for company growth.
- Mentored a team of 8 developers over 13 months, improving onboarding efficiency and fostering continuous development, which resulted in a 40% reduction in onboarding time.
- Contributed to an on-call rotation, effectively reducing incident response time by 20%, ensuring high reliability and customer satisfaction.

Sportradar
Oslo, Norway

FULL-STACK DEVELOPER — *Sep 2018 - Jul 2020*

- Enhanced web crawlers/scrapers for social media/search results, improving data accuracy by 30% and efficiency by 25%.
- Led the migration to a microservices architecture, reducing system complexity and increasing maintainability, resulting in a 20% faster feature release cycle.
- Advocated for and implemented Agile methodologies, leading to a 15% increase in team productivity and a 10% decrease in time to market for new features.
- Acted as a Scrum Master, fostering a collaborative environment that improved project delivery times by 20%.

Samsung Instituto de Desenvolvimento para a Informatica - SIDI
Campinas, Brazil

PROJECT MANAGER OFFICE INTERN — *Jan 2017 - Jan 2018*

Education

Universidade Federal de Itajuba - UNIFEI
Itabira, Brazil

BACHELOR OF SCIENCE IN COMPUTER ENGINEERING — *Jul 2018*

- Researcher at the *Computation Applied to Engineering* (CAE) research group
- Co-founded and Counsellor at Computer Engineering Student Union
- Attended to code marathon/hackathon study groups for 2 semesters
- Coordinated my team twice at the *Startup Weekend* event, won 2nd place in the 1st edition

University of Toronto *Toronto, Canada*

Visiting International Student Majoring in Electrical and Computer Engineering *Jul 2013 - Dec 2014*

- Selected by the Brazilian government and former university for an 18-month non-degree exchange program for high-achieving talent based on leadership potential and academic success with a fully-funded scholarship at University of Toronto
- Simulated and implemented Branch Prediction Theory concepts as a summer research assistant

Leadership & Awards

2017	Pioneered at SIDI tech talk as the first intern to present on Web Accessibility design and user experience	*Campinas, Brazil*
2016	Secured 2nd place among 30 startups at Startup Weekend, recognized by the selection committee at Universidade Federal de Itajuba	*Itabira, Brazil*
2013	Awarded a prestigious scholarship for an 18-month academic development program at the University of Toronto by the Brazilian government and my former university	*Toronto, Canada*
2013	Co-founded and served as Counselor for the 1st Computer Engineering Student Union at Universidade Federal de Itajuba	*Itabira, Brazil*
